VUIW Undercounter Induction Warmer

VUIW

18"W. Incogneeto™ Induction Warmer

- Designed to be mounted directly under stone or engineered stone countertops
- The unit mounts underneath the counter with no drilling or cutting of the stone required
- 650 watts of power
- Offers four selectable temperature settings: 150°/160°/175°/190°F (65°/70°/80°/85°C)
- The Magneeto™ II trivet-like device is used on the upper surface of the countertop to locate the heat zone and acts as a temperature sensor
- Touch control user interface with SmarTag™ Technology uses a wireless communicator to provide precise temperature control
- Cookware/bakeware up to a diameter of approximately 12" (30.5 cm) with an induction compatible base can be used
- Automatic pan detection allows for instant energy transmission to pan and no energy transmission when pan is not present
- Can combine up to three units per 15 amp circuit
- A beautiful piece of natural stone or "engineered stone" can transform into an induction warmer capable of holding food within 2°F

Proper Installation/Ducting Is Extremely Important To Ensure Maximum Performance From Any Ventilation Product

- All CFMs stated based on tests with .1 static pressure: without applying static pressure (some brands consciously do not), CFM could be greatly overstated.
- Duct run length is for general reference only; for longer duct runs, increase duct size and contact a qualified and trained installer.
- Straight runs and gradual turns are best; for example, each 90° elbow is equivalent to 5-10 feet (1.52-3.05m) of straight run.
- Never use flexible duct; it creates back pressure/air turbulence and greatly reduces performance.
- Proper performance is dependent upon proper ducting; make sure that a qualified and trained installer is used.
- Check with a qualified and trained installer or local codes for makeup air requirements, if any.
- Max. amp rating for hoods includes recommended ventilator kit rating; all products must be hard wired direct with 2-wire with ground
- A 1200 or 1500 CFM (if applicable) ventilator kit, or in-line blower should be used when installed over range/rangetops with gas char-grill.

REFRIGERATION

Certified Products • Effective July 1, 2017

VCBB/FDBB Quiet Cool™ Built-In 36"W. Bottom-Mount Refrigerator/Freezers

Total Capacity: 20.4 cu. ft./Refrigerator: 15.3 cu. ft./Freezer: 5.1 cu. ft.

- **2014 Energy Compliant**
- 84"H/24"D
- NEW LED theater lighting provides excellent visibility
- NEW Spillproof Plus™ Shelves with Nano technology create an invisible barrier to contain spills
- ProChill™ Temperature Management System
 - Variable Speed DC Overdrive™ Compressor is one of the quietest, most technologically advanced compressors available
 - Electronic controls with digital temperature readouts
 - Multi-channel airflow system and Odor Eliminator™ Evaporator remove odors and excess humidity
- Plasmacluster™ Ion Air Purifier - **Exclusive**
 - Eliminates airborne bacteria and mold spores
 - Removes odors
 - Enhances food preservation
 - Never needs replacing
- Refrigerator Compartment
 - Three adjustable tempered glass spillproof shelves (one has Nano technology)
 - Adjustable Humidity Zone™ drawers with soft-close slides
 - Humidity can be set high for leafy greens or low for fruits and vegetables with skins
 - NEW Two deli drawers with soft-close slides
 - NEW Additional space for large pizza box storage
 - Two in-the-door dairy compartments with covers
 - Four patented aluminum door bins
 - Three are adjustable
 - Top shelf provides quick chill-down area
- Full extension freezer drawer on precision ball-bearing glides
 - Positive self-closing feature ensures a good seal
 - Adaptive defrost
 - Two slide out wire baskets
- Super Clog-Resistant™ Condenser is maintenance-free under normal use
- Tru-Flush™ Design

RVMHC330

Convection Microwave Hood

- Instant sensor settings for cooking, reheating foods and popping popcorn
- Four convection settings: ConvecBroil, ConvecRoast, ConvecBake and manual convection
- Convection settings use a high speed fan that circulates air past the heat source and around the food; allows multiple rack baking
- Low mix bake and high mix roast settings offer use of convection heat to seal and brown outside of foods while using microwave energy to ensure the interior is cooked
- Add-a-minute allows you to add a minute to cooking time by simply touching a button
- Child lock safety feature locks the control panel to prevent unwanted operation
- Convection microwave cookbook comes standard with unit
- Built-in exhaust system
- 300 CFM blower
- May be vented out the top, back or converted to recirculate
- 13" diameter turntable
- Exterior dimensions – 29⁵/₈"W. x 16³/₈"H. x 15⁵/₈"D.
- Interior oven cavity – 1.1 cubic ft.
- For use over 30"W. Viking cooking products
